Architecture Specialization

Congratulations! We're happy to inform you that you've scored 70% on your exam, showing that you have fundamental knowledge in OutSystems Architecture design that will help you create good Architecture solutions. This means that you are now an OutSystems Architecture Specialist. **We are very proud of you!**

In order for us to keep improving the certification experience, we would like to get your opinion on this exam. Please take a moment to provide us with your [Feedback](#).

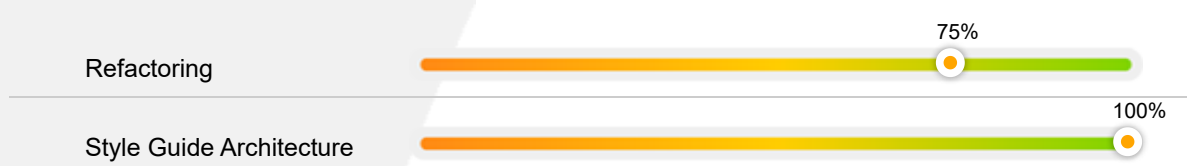

Below you will find some areas for improvement. We hope this information will help you as you continue to improve your skills with the OutSystems Platform.

If your indicator is to the far right of the scale, this means that your score represents a high proficiency in the content area. If your indicator is near the mid-point of the scale, this means that your score represents a moderate proficiency in the content area and you may wish to review this content area. If your indicator is towards the left of the scale, this means your score represents a lack of proficiency in this content area, and continued study of this topic is recommended to improve your results.
